Specialties Score Decided Gains and Other Stocks Strong in Trading.

NOTE.—Quotations reflect closing price Friday, June 2.

New York, June 2.—New high records were registered by three widely divergent issues in today's early market. Norfolk and Western rose 1 1/2 to 1 3/4, Chandler Motors one point to 10 1/2, and Gulf States steel 1 1/2 to 5 1/2. The movement otherwise was in keeping with these gains, Mercantile marines being the most active issue.

The preferred stock of the very large trades with an advance of a point for the common. Best sugar and Chalmers preferred and rubbers, comprised the other strong stocks. Later sales, as a whole, improved materially.

Additional records were made during the busy forenoon, Willy's-Overland rising 18 points to 23 1/2 and Best Sugar 1 1/2 to 7 1/2. Meanwhile Norfolk and Western followed its previous maximum, touching 12 1/2, with gains of one to two points for New York Central, Canadian Pacific and Louisville and Nashville. "Big Four," controlled by New York Central, rose 7 1/2 points to 59 on rumors of a new stock issue.

United States Steel was singularly inactive.

Monsie was firm.

Another record was made in the afternoon. Martins preferred rose to 9 1/2. This was offset, however, by declines in copper and profit-taking elsewhere and marked cessation of activity.

Weakness at Liverpool Has Depressing Effect at Home; Provisions Dull.

Chicago, Ill., June 2.—Weakness in quotations at Liverpool had a depressing effect today on the wheat market here. Opening prices, which ranged from 1 1/2 to 1 3/4, were lower, with July at 1 1/2 to 1 3/4, and September at 1 1/2 to 1 3/4, were followed by a further loss and then a moderate recovery.

Trading Is Light Friday With Recessions in Many Issues.

Friday's market was again sluggish and trading was comparatively light, copper stocks being off fractionally to a point, according to advices to Curtiss, Manning & Co., stocks and bonds, First National bank building.

Among the copper, Butte & Superior, Copper Range, Anaconda and Inspiration were heavy and lower, and the offerings were large.

Rails were nominally higher. Specialties were off, with rails and steel being the early part of the session. Steel was steady, with changes in price. Rails were stronger at Chicago, led by St. Paul, with gains to 3 1/2. Mexican shares were dull and irregular.

Copper continued soft at noon and were lower, with a heavy tone.

The German war effort affected the market adversely at the close.
